

Estrella Domínguez Sánchez

Content Creator & Community Manager | Digital Marketing & Social Media

estrelladomsan@gmail.com | +34 689 450 627 | Málaga, Spain | LinkedIn: [Estrella Domínguez Sánchez](#) | Portfolio: [estrelladominguez.vercel.app](#)

PROFESSIONAL PROFILE

Content creation and community management specialist with real, end-to-end experience across social media, video production and editorial strategy: content calendar planning, organic growth, SEO, copywriting and event management including budget and vendor coordination. Also trained in UX/UI design and web development, which brings a complete product perspective and supports close collaboration with design, development and business teams under Agile/Scrum. I use AI tools (Claude, Gemini) to speed up content ideation and production, have international experience through an Erasmus+ exchange in Sweden, and quickly pick up new tools and platforms.

EXPERIENCE

- Web and Social Media Manager (Volunteer)** | *Asociación Xarxa Aitana*2021 – 2024 | Alicante, Spain
 - Designed and executed the editorial calendar and content strategy across Instagram, TikTok, WordPress and WhatsApp, growing the community from under 150 to 535 followers, with individual pieces reaching up to 6,000 views.
 - Recorded and edited video and photo content (CapCut, Adobe Premiere) for reels, tutorials and event coverage, keeping a consistent, on-brand visual identity.
 - Managed blog and newsletter content applying basic SEO and audience segmentation, adapting messaging for different audiences (students, families, partner organisations), handling their queries and running student-representation workshops and talks.
 - Co-organised an annual events programme funded by an Erasmus+ grant (10+ one-day events, a week-long camp for 50 people and a weekend event for 30), managing budget, vendors, logistics and documentation.
- UX/UI Design & Content** | *FoxBit, Web Ed-Tech Platform (team of 5)*09/2025 – 06/2026
 - Designed prototypes and user flows in Figma for a statistics and progress-tracking module, translating real user needs into design and content solutions.
 - Managed the platform's blog and newsletter in WordPress applying basic SEO, supporting the overall content strategy.
 - Collaborated under Scrum methodology across 14 sprints in 4 milestones, working within a cross-functional design, development and content team.
- UX/UI Design** | *Lugna, Health & Wellbeing Mobile App (Final Degree Project)*01/2026 – 07/2026
 - Independently designed the interface and user flows in Figma, first generating agile mockups with AI tools (Claude, Gemini) and then refining the final design.
 - Validated the product through timed usability testing and interviews with real users, iterating the design across several cycles based on the feedback received.
- Technology Camp Instructor** | *Campus Tech Chicas UMA*06/2026 – 07/2026 | Málaga, Spain
 - Delivered hands-on workshops to groups of students, adapting the message and format to each audience and solving questions in real time.
- Event Staff** | *Universidad de Alicante*09/2023 – 06/2026 | Alicante, Spain
 - Managed attendee flow and provided information at high-attendance academic and institutional events.
